- (3) The clerk's minute record of the proceedings are neatly but very briefly written up. The minutes are signed by the president and attested by the clerk. The cash ledger is correct and balanced as of September 18, 1929. The cash ledger is balanced annually on December 31st and verified and approved by the trustees.
- (4) Provisions of Senate Bill #94, being fully carried out; appropriations made and not exceeded.

Your examiner would suggest that a uniform bill be adopted to replace the system now in use. Many of the bills audited were small strips of paper that could be very easily lost or misplaced, creating a cause for criticism at least.

- (5) Attention of township officials is called to the provisions of Section 5046 G.C. relative to the payment of election expense; also to the provisions of Section 2544 G.C. concerning the removal of persons to the county home.
- (6) Last minutes recorded September 13, 1929.

Warrant No. 86, being outstanding for more than five years, should be credited to the fund from which it was drawn, and reissued should the need arise.

- (7) Following is the compensation of the clerk and trustees showing that the maximum of \$250.00 per year was not exceeded:

(8) The bond of the depository is for \$6,000.00, an amount less than the average daily balance for September 18, 1929. Clerk Shaefer informs your examiner that this condition is remedied by the depository depositing City of Springfield bonds totaling \$3,000.00 and Wood County bonds totaling \$1,200.00 with the trustees and same are in the safety deposit. Bonds of township officers are properly indorsed, filed and recorded.
